Education

- **Indian Institute of Technology Mandi** **2024-2026**
  MBA DS &AI 7.81/10 CGPA
- **Rajiv Gandhi Government Engineering College Kangra** **2017-2021**
  B. Tech Mechanical Engineering 7.78/10 CGPA
- **K.V Naleti** **2017**
  Class 12 89%
- **C.A.T** **2023** 98.29

Experience

Mrs. Bector's Food Cremica Finance and Audit Intern May 2025 – July 2025

- Prepared division-wise budget tracking **dashboards** using Excel with **index-based** performance comparison, ensuring alignment with financial targets and **variance analysis**.
- Partnered with **plant managers**, **supply chain**, and **finance teams** to monitor **material costs**, **logistics expenses**, and **yield efficiency** for **QSR clients** such as **KFC** and **Burger King**, supporting cost control initiatives.
- Conducted capital investment feasibility analysis for **₹70+ Cr CapEx projects** using **NPV, IRR, and Payback Period**, aiding strategic investment decisions and governance compliance.
- Designed **Power BI** dashboards to track **inventory aging**, **production costs**, improving financial visibility and real-time decision-making.
- **Automated** inventory aging reports in Excel with **python** reporting turnaround time by **90%** and **improving** working capital monitoring.
- Performed cost benchmarking of **Labour**, **Power** & **Fuel** (LPF) expenses against output levels across plants, identifying 10–15% cost-saving opportunities.

Personal Projects

- **Holistic SME Credit Scoring Model | Management Project (Ongoing**
  - Designing a **holistic SME creditworthiness and credit risk framework** by integrating **financial data (Prowess IQ)** with **qualitative and real-time sentiment analysis** to assess business stability and market perception.
  - **Conducted in-depth SME interviews to identify gaps in traditional bank lending models, translating non**-financial factors into a **Qualitative Credit Index (QCI)**.
  - Proposed an **AI-driven credit evaluation platform** combining **financial metrics, sentiment-based insights, and sector-specific government scheme recommendations** to improve SME credit accessibility.
- **Financial Statement Analysis – Hindustan Unilever Ltd.**
  - Conducted comparative financial analysis of **Hindustan Unilever Limited** against major FMCG peers including **Marico**, **ITC Limited**, **Nestlé India**, **Dabur India**, and **Britannia Industries** to assess industry positioning and competitive performance.
  - Performed in-depth ratio analysis covering liquidity, solvency, profitability, and efficiency metrics to evaluate financial health and capital structure trends.Extracted and structured financial data using the **ProwessIQ** database.
- **Stock Price Prediction using Deep Learning & Sentiment Analysis**
  - Developed an **LSTM-based deep learning model** to forecast next-day closing prices of **Microsoft** by integrating 10 years (~2,500 trading days) of historical stock data with news sentiment scores.
  - Engineered a hybrid predictive pipeline combining technical indicators and **NLP-based** sentiment analysis, achieving an **R^2** of **0.87** and improving short-term price prediction accuracy**.**
- **Equity Valuation of Hindustan Aeronautics Limited (HAL)**
  - Built a **5-year financial** forecasting model for Hindustan Aeronautics Limited using historical **revenue growth**, operating margins, and capital expenditure trends to project **Free Cash Flow** to Firm (FCFF)**.**
  - Calculated Weighted Average Cost of Capital (**WACC**) using **CAPM** assumptions and estimated terminal value using the Gordon Growth Model to determine intrinsic enterprise and equity value.
  - Performed **DCF** valuation and compared intrinsic value with market price to derive an investment recommendation.

Achievements

- Semi-Finalist – Grant Thornton National Case Competition (Top 50/4,200+ teams). **2025**
- Third Position – HIBS & AI-xcelerate Case Competition**.** **2024-25**
- CAT 2023 – 99.98 in Quantitative Aptitude **2023**
- Selected from a competitive pool of **1,000** students as one of the **top 15** candidates for distinguished **SEP.** **2020**
- Ranked **209** among **10,000**+ candidates in HPCET. **2017**

Positions of Responsibility

- Organized IIT Mandi HST 2024, hosting 100+ startups and investors. **NOV 2024**
- House Captain (2 Years), led 150-member team and executed large-scale events. **2015-2017**

Skills and Coursework

Data Science & Machine Learning: Python, SQL, , Sentiment Analysis,Time Series Forecasting,Feature Engineering
Statistical Analysis: Regression Analysis, Hypothesis Testing, Forecasting Techniques
Data Analysis & Visualization: Excel,Pivot Table, Power BI, DAX Queries.
